SUBJECT: Fourth Stipulated Request for Continuance re: Notice of Violation #2019-001

Honorable Members of the Board:

By stipulated requests for continuance, dated February 15, March 13, and May 21, 2019, the undersigned requested that the Board of Directors postpone setting a hearing date for the above-referenced matter while the parties worked toward a resolution. Guam EPA recently concluded its review of our water logs, and the parties met for further discussions on July 12, 2019. We are still in the process of working with Guam EPA to resolve the matter. While the parties work toward a resolution, we respectfully ask that the Board postpone setting a hearing date until the November 2019 board meeting.

We thank you for your kind consideration. Our point of contact is Mr. Jeff Laitila, whom you may reach by phone at (671) 366-2526 or by email at [jeffrey.laitila@us.af.mil](mailto:jeffrey.laitila@us.af.mil).

Sincerely,
