RE: GUAM ABANDONED DERELICT VESSEL REMOVAL GROUP

Dear Mr. Leon Guerrero:

I am writing to approve the submitted minutes of the 1st meeting of the Guam Derelict Vessel Removal Group.

Based on the minutes, this group has made great progress since it was established by Executive Order 2020-42. Abandoned and derelict vehicles are a major problem Guam, and their presence in our ocean can affect sensitive marine life. This group is doing work that will help preserve our island's precious resources for future generations. I am very excited about how this group is developing, and I look forward to more information.

Senseramente,

LOURDES A. LEON GUERRERO

Maga'hågan Guåhan

Governor of Guam
