THE GUAM ENVIRONMENTAL PROTECTION AGENCY BOARD OF DIRECTORS

Guam EPA Resolution # GEPA-26-004

Relative to the approval of the Guam Environmental Protection Agency's
Revised Risk Assessment Document for Dieldrin

WHEREAS, 35 Guam Code Annotated Chapter 53, §53113 (a) provides that the agency, upon identifying a contaminant that may present an unacceptable health risk to the public, may establish interim action levels for contaminants without a level being established by US EPA; and

WHEREAS, 35 Guam Code Annotated Chapter 53, §53113 (b) provides that the Agency is authorized to establish an interim action level at a level below which risks have been determined by the Agency as acceptable; and

WHEREAS, 35 Guam Code Annotated Chapter 53 §53113 (d) provides that the Agency, upon designating an interim action level for a contaminant, shall take the necessary actions to protect public health, which would require Public Water Systems to issue guidance and notify the public through the media based on the establishment of the interim action level.

WHEREAS, in the November 21, 2024 Guam EPA Board Meeting, Guam EPA's board of directors approved the Dieldrin Interim Action Level.

WHEREAS, the Guam EPA implemented and began enforcing the Dieldrin Interim Action Level effective August 1, 2025.

WHEREAS, based on experience and feedback from enforcement actions initiated in the Fall of 2025, the Guam EPA recognized the need to update to the Risk Assessment Document for the Dieldrin Interim Action Level.

WHEREAS, on the dates of November 26, 2025 to December 17, 2025, the public comment period was opened by the Guam EPA for the proposed updates to the Risk Assessment Document for the Dieldrin Interim Action Level.

WHEREAS, on the date of December 17, 2025, Guam EPA held a public hearing to receive comments on the updated Risk Assessment Document for the Dieldrin Interim Action Level, and has since reviewed, responded to, and incorporated those comments.

WHEREAS, on the dates of February 20 to March 06, 2026, a second public comment period was opened by the Guam EPA for the proposed updates to the Risk Assessment Document for the Dieldrin Interim Action Level.

WHEREAS, on the date of March 06, 2026, Guam EPA held a public hearing to receive comments on the updated to the Risk Assessment Document for the Dieldrin Interim Action Level, and has since reviewed, responded to, and incorporated those comments.

WHEREAS, on May 21, 2026, the Guam EPA Board of Directors approved the adoption of the updated and revised Risk Assessment Document, effective immediately, at their regularly scheduled board meeting.

NOW, THEREFORE, the Risk Assessment Document for the Dieldrin Interim Action Level (revised and dated May 21, 2026) is hereby adopted by the Guam Environmental Protection Agency Board of Directors, effective May 21, 2026. A true and accurate copy of which is attached hereto and incorporated herein by reference.
