RE: Return to Compliance, GWA Underground Storage Tank Facilities

Hafa Adai Mr. Bordallo:

This is in response to Guam Waterworks Authority (GWA) five (5) letters dated June 12, 2020, transmitting the information requested for the underground storage tank (UST) violations found during the September 26, 2019 inspections. The Notice of Violation, Order of Compliance, and Administrative Penalty Orders are as follow:

1. UST20-001 – Agat Ga'an New Sewer Pump Station, Agat,
2. UST20-002 – New Chaot Sewer Pump Station, Sinajana,
3. UST20-003 – Layang South Barrigada Sewer Pump Station, Barrigada,
4. UST20-004 – Commercial Port Sewer Pump Station, Piti, and
5. UST20-005 – Chaligan/Telefac Sewer Pump Station, Agat.

Please be advised that the Guam Environmental Protection Agency (Guam EPA) has completed its review of the documents submitted for the violations observed during the five (5) UST compliance inspections. The action taken by GWA adequately addresses the UST violations and documents each facility's return to compliance with the regulations cited in the letters.

Guam EPA would like to thank you for your cooperation in this matter. If you have any questions please contact Michael O'Mallan at 300-4767.

Sincerely,

WALTER S. LEON GUERRERO
Administrator
