RE: 2024 Annual State Public Water System Compliance Report

Hafa Adai Mr. Chen:

Buenas yan Saluda! Guam Environmental Protection Agency (GEPA) is submitting its 2024 Annual State Public Water System Compliance Report that is due by July 1, 2025. The report entails Guam's annual compliance report (ACR) of the current eight (8) public water systems that were regulated in Guam. We have included a summary of the 2024 drinking water MCL, TT, and significant monitoring/reporting violations that is shown in Appendix A with the table that is organized by contaminant type: Organic Contaminants, Disinfectant/Disinfection By-Products (DBP) Rule, Radionuclides, Revised Total Coliform Rule, Surface Water Treatment Rule, Inorganic chemicals, Lead and Copper Rule, and Ground Water Rule. In addition, we have included a summary of the violations and with the water system names that is provided in Appendix B.

The annual report will be readily available to the general public via our website at <https://epa.guam.gov> and/or a copy can be requested from our Safe Drinking Water Program at the below contacts.

If you have any questions, please feel free to contact our Safe Drinking Water Program staff Ms. Julie Mendoza at email: julie.mendoza@epa.guam.gov or our Acting Chief Engineer Mr. Johnny Abedania at email: johnny.abedania@epa.guam.gov.
